ALTIMATE

The entire venue can hold 200 patrons for a grand night of revelry, but if an intimate soirée is more your beat, there are also smaller VIP booths for groups of up to 15. Past events have seen them bedecked with flowers and party lights, and on another occasion, dressed up to resemble a boudoir for a pyjama party. The club, which offers aperitifs such as cosmopolitans and martinis, also comes with an added bonus: At 282m above ground, Singapore's highest club offers an unobstructed view of the CBD.
